## The Highfield Approach

# The Highfield Approach

This section describes the approach Highfield has adopted in the development of this end-point assessment in terms of its interpretation of the requirements of the end-point assessment plan and other relevant documents.

## Specific considerations

The on-demand tests consist of 52 questions and have been evenly split into 2 equally weighted sections: 50% (26) of the questions are dedicated to the core subject areas and 50% (26) are on the pathway content. To gain a pass on the test, apprentices will have to achieve a mark of at least 18/26 (approx. 70%) on each section of the exam. To achieve a distinction, apprentices will need to achieve a mark of at least 44/52 (approx. 85%) across the whole exam.

During the practical observation, where possible, situations and evidence should be naturally occurring. While simulation is not permitted, the practical observation should be carefully planned to allow the learners the opportunity to demonstrate all criteria. This may involve planning opportunities for the learner to demonstrate competence against all criteria e.g.: moving to another area of the business to perform a different part of the job role or setting up a situation that allows them to demonstrate a certain skill, produce a sufficient range of products or cover a sufficient range of tasks.

There is an opportunity within the professional discussion for any outstanding pass or distinction criteria that were not demonstrated within the practical observation and business project (and accompanying presentation) to be carried over for assessment in the professional discussion; however, re-assessment must not take place.

If any professional discussion pass criteria have been met in either the observation or business project, re-assessment should not take place in the professional discussion. Professional discussion distinction criteria must all be met as part of the professional discussion.

All of the evidence criteria used within this end-point assessment have been taken directly from the hospitality team supervisor standard: assessment plan, Annex A and F and the common approach document, Appendix A, B and C.
