

MAKE LIFE EASIER WITH

E-ASSESSMENT

It's an online assessment tool that's available to any centre delivering Highfield qualifications.

E-assessment works by allowing all assessments for a qualification to take place online, at a time and place convenient to you and your learners.

How does it work?

At least five days before the assessment, you need to register your course on Highfield Central. We'll get everything set up for you. Then add your learners.

Once that's done, learners can complete their assessments, with the results instantly available.

If they pass, you can download e-certificates straight away. But if resits are needed, this can also be arranged instantly without needing to contact Highfield.

Once this is all done, employers can check learners' completion certificates with our 'Cert Check'.

How e-assessment benefits you and your learners

E-assessment makes life easier for you and your learners through:

- improved efficiency, quicker turnaround times
- reduced administration and paperwork
- long-term financial savings
- environmental sustainability

Features

Highfield Works contains a number of features to help you manage assessments more effectively.

- Quick and easy to set up – no tech knowledge needed
- Fully browser based – no downloads or installations needed
- Instant learner results + same day resits
- Paperless
- No or low requirement to hold paper stocks
- Add all candidates at once
- Fast, responsive functionality
- Online verification of candidates' identification
- Invigilator screen updates
- Fully interactive candidate dashboard
- Instant updating to Highfield Central

Next steps

If you're already a Highfield-approved centre, just speak to your account manager who will be happy to help set you up. Or if you're not a Highfield-approved centre, contact us on: **0845 2260350/01302 363277** or email us at: **sales@highfield.co.uk**
